

Fitting Pusher

KFP-10

10 Ton Fitting Pusher

The 110 Volt Pump and swivel casters make it easy to take the KFP-10 right to the job..

The KFP-10, 10 Ton 110 Volt Fitting Pusher takes the time consuming and difficult task of installing fittings on hoses from 2 inch to 12 inches and makes it quick, safe, and simple.

The portability of the KFP-10 makes it easy to bring the Fitting Pusher to the job and its ease of operation and versatility makes the KFP-10 the essential cost saving tool that no industrial hose shop can afford to be without.

With the KFP-10 Fitting Pusher's low profile, swivel Casters and 110 Volt requirement it can be quickly and easily moved to the job. The simple strap hold down system makes it easy to quickly and accurately position the hose.

The elbow fitting adapter adds to the versatility of the KFP-10.

OPERATION IS SAFER AND MORE ACCURATE:

“Traditional” methods of installing large fittings can result in damaged fittings, and at the very least is a time consuming procedure.

This fitting took 7 seconds to install.

This **Fitting Pusher** is a tool that will quickly pay for itself and produce a more consistent and better quality product from the very first crimp.
